6 February 2023	<b>REQUEST TO COUNCIL [202302R1]</b> <b>TfNSW PROPOSAL FOR LEFT IN LEFT OUT AT WELLINGTON STREET &amp; BONDI ROAD INTERSECTION –</b> As noted in Council's response to the precinct (BHP ref# 202206M4, Page 3 of Report), Could Council please provide an update on actions that were to be taken as noted in the Council resolution of 21 June 2022?	The actions required by the resolution have been undertaken and Council officers made the relevant representations on the matter to the State Government. TfNSW agreed to not proceed with the original design and have subsequently looked at an alternative that doesn't ban the right turn into Wellington Street from Bondi Road. The revised proposal only bans the right turn out of Wellington St onto Bondi Rd. TfNSW committed to delivering this work in 2022 but has not undertaken any works to date. Council has recently received notification that the project is on hold. If the project is to be revisited by TfNSW, Council officers will report this to the Precinct Committee promptly.
